

RETAIL THEFT IMPACT BPD

59% of ALL arrests, criminal summons, & arrest warrants served for 2021 were associated with our 2 large retail developments

"Time spent in these retail developments takes our limited resources away from the remainder of our community."

Chief Roy Mosley III

BPD responds to retail theft complaints from our large retail footprint nearly daily & often *multiple* times per day & per shift. Those investigations often lead to additional charges or arrests on open warrants

% of total theft calls for service that occurred in The Cascades of Brimfield or The Marketplace at Maplecrest in 2021

All calls for service and safety needs in our large retail developments are the sole responsibility of Brimfield safety forces.
